

PUBLIC UTILITY NUMBERS

Message

Education is the passport to the future, for tomorrow belongs to those who prepare for it today." "Your attitude, not your aptitude, will determine your altitude." "If you think education is expensive, try ignorance." "The only person who is educated is the one who has learned how to learn...and change."

Education isn't just about learning maths or science at school. It's about gaining the knowledge and the skills needed to better ourselves ...
